

BASIC "021" EMS RESCUE BACKPACK

BASIC "021" EMS RESCUE BACKPACK

This simple, box-style carry-all pack is stackable, with shoulder straps for safe, hands-free hauling. This unique design keeps straps out of the dirt and muck when you're accessing contents. Internal Cells stack neatly and securely. Accommodates the QuickRoll Intubation Module, IV Module, and small Drug Module, as well as the stackable Cellular System. The removable Roller Cart allows rolling assisted transport.

Capacity: 6500 ci

Dimensions: H: 30" x W: 24" x D: 9"

Weight: 14.0 lbs
