

## STANDARD OXYGEN BAG

### STANDARD OXYGEN BAG

A medium-sized street pack for medics who carry less. Boxy and compact, with ergonomic hauling. Unique design keeps your shoulder straps off the ground when you're accessing contents. Accommodates the QuickRoll Intubation Module, IV Module, and small Drug Module, as well as the stackable Cellular System.

Capacity: 3600

Dimensions: H: 29" x W: 18" x D: 7"

Weight: 6.0 lbs.

- 1) Unique design keeps shoulder straps off the ground and out of the dirt when accessing gear
- 2) Specifically designed for the Basic Cell System and accommodates all Basic modules in many different configurations
- 3) Skids protect high wear areas
- 4) Tarpaulin bottom panel for protection from abrasion
- 5) Reflective taping for extra nighttime safety
- 6) Internal Velcro lining strips to secure modules
